

DS

### **Johnnyrey**

- DA-4052 - Merge the code with the main branch
- Call with Oneal about the summary of security issues for Advisen.com. Will send to Jacob.
- DA-4049 & Excel import change deployed to QA

### **Reymart**

- Deployed all codes related to Loss Import issues.
- DA-4053 MM Agency ID Tracking - Continue identifying the stored procedures that need to be updated.

### **Mark**

- Continue DA-4042. Did draft documentation based on reviewed codes from start.
- Will re-used the existing documentation and revised based on acceptance criteria.

### **Jake**

- RDBUG-2856 - Understand the code and check the recent/previous behavior for every function.
- Continue further investigation.

### **Oneal**

- DA-4101/DA-4102 - All codes are deployed to PRE Environment.

### **Charm**

- Verified DA-4101 and DA-4102 to PRE environment.
- Need the release story courtesy of Cherry.

**Gretchen**

- Retesting all the stories and bugs for Excel Import rebuild.
- Will wait for DEV updates for Release-1695 items.
